Hi fellow members:

It has been some time since you have heard from me but you know how that goes. We have had a large group of new cans out west and I hope to get some to Fred to be pictured in the next newsletter. I am still slowly working on the collection and just finished with the letter H. I have now decided to change what I am collecting so most likely will be starting over before I ever get to Z. I did start thinking that I could show you a few of the cans that I have in my collection that have not been pictured elsewhere. I talked to Fred a while back and he said that a lot of you are interested in seeing pictures of some of the older or rarer cans. I don't have any great collection but I do have a few odd ball cans and I am going to let you see them from time to time. Since I just finished the letter H I would start with some of those. The first 3 cans are from Hires and I know very little about any of them. It would be interesting to hear from any of you if you have them also or if you know in what order they were issues. All are flat tops and I know of a couple collectors who have the can with the Orange stripes in other flavors other than orange. If you want to see more of this sort of thing let either Fred or I know. Well I have taken up enough space for this newsletter. Regards,
