How To Ruin The Shock Absorbers On Your Car

We have just returned from a 3600 mile round trip to the Southern states including Indiana, Kentucky, Georgia, Tennessee, the Carolina's, and Florida. My wife, Bev, bowled in the W I B C National Tournament as she does every year so we decided to make this a small vacation. I found many different brands during our travels, some of them are Chek, White Lightning, Materva, Copa, Cheerwine, Pix, Penguin, Grand Union, London Dry, Purple Passion just to name a few.

Bev enjoys flowers and plants, especialy cactus, so when we finally reached home we had about 20 plants and about 15 full cases of pop. Needless to say we thoroughly enjoyed the trip. (altho we ruined the shocks on the wagon, cant figure that out, can you ?)

God Bless All
