

NATIONAL POP CAN COLLECTORS

NEWSLETTER

VOLUME 2 Number 3

OCTOBER, 1977

SORRY FOR LATE NEWSLETTER

Due to a freak accident this newsletter is about 3 weeks late. We changed office buildings and some new equipment was bought and the old was sold. By mistake the person that picked up the equipment that was sold got the wrong filing cabinets. The ones they got had our master copy of all the names and addresses of the NPCC members, among other things. And to make a long story short the filing cabinets were delivered out of state, and we had quite a time getting them back. Again we apologize for the delay.

NEW FEATURE

Starting with this newsletter we are by popular demand going to feature many, many soda cans that are presently made and also ones that were made in the past. Every month there will be many different ones, so keep your newsletters for references.

ADVERTISING

FOREIGN CANS from Canada, England, Germany, Holland, Italy etc. For trade or sale.
