

NATIONAL POP CAN COLLECTORS

NOVEMBER 1976

NEWSLETTER
Vol. 1, Number 4

A sincere welcome to all the new members. We are sure you will enjoy this great hobby.

We sincerely hope all the older members have increased their collection immensely.

ABOUT THE RACINE WISCONSIN SHOW - For our first pop can show we must label this a very successful one. It is our feeling that there has never been so many different pop cans under one roof anywhere, or at anytime, ever.

No matter how advanced a collector you were, or what phase of pop can collecting you might specialize in there were cans for your collection that you did not have.

Everyone seemed to go away from the show happy with the new cans that they picked up for their collection. And after all this is what it is all about.

We were pleased to be able to meet so many of the NPCC members. The thing that stood out in our minds the most was the sincerity of the members to improve their collections. Remember the more collectors we get, the more older and harder to get cans will turn up. So tell all your friends about NPCC and get them started collecting pop cans so we can discover more and more of the harder to get cans.

USE YOUR FREE ADS. The only way other members will know what cans you are looking for, and what cans you have to trade or sell is by placing ads. So to encourage this we have given the members free ad certificates. So by all means use the certificates. They are each good for a 50 word free ad. (Don't forget to enclose a certificate with your ad.) If your ad runs over 50 words, simply add 10 cents for each word over 50.

KEEP US POSTED. Let us know of any new releases or any important information so we can pass it on to everyone.

ABOUT SODA BOOK -- So that we can give you such a good price on the soda book, we have been sending the book to you by book rate. But it has been called to our attention that it is taking some of the books 4 or 5 weeks to get there. This is ridiculous. We are checking it out and will let you know what we find out.

SODA CANS (Old & New)

By Betty L. Toepfer

This is the first book written by Mrs. Toepfer on pop can collecting and pricing, but it is an excellent book. Mrs. Toepfer spent many many hours putting this book together. Mrs. Toepfer also has the much needed experience with pop cans, that it would take to write a successful book.

You will not want to be without this book. The book retails for \$5.95, and is well worth it. However, we have made arrangements and will be selling the book to you for the 'special price' of \$4.75 postpaid.

Dealers may also inquire for quantity specials of ten or more books.
