What an EXTRAVA-CAN-ZA CAN-VENTION it was!!!!!!!
 Twenty members from across the USA and Canada gathered in Rockford surpassing all expectations. If you were not in attendance this year, make your plans NOW for June 20, 21 & 22, 1990 for the 8th Annual (Inter)National Extrava-Can-Za Collectors Can-Vention in Rockford, Illinois.

Much happened during the three days in Rockford. I will only touch upon a few highlights this month due to space and time. During our "Board" meeting, Dave and I brought to the attention of the members present our heavy work load for the club. The NPCC has grown in different ways during the past year and there is a need to bring in more staff members. Two new positions were establish in the areas of publicity and filling these positions are James Minteer and returning member Dave Davis. Jim and Dave will be working with Dave (Brackett) and myself in promoting the NPCC and our events. With the expectation of the Can-Vention growing each year, these two positions will relieve my desk so the newsletter does not suffer and direct their energies solely at promoting. As always, they too can use YOUR support with ideas, distributing materials, etc... There are can collectors out there who have no idea that there is a NPCC. We want to reach these collectors.

Changing gears, with the combined efforts of the table rental, raffie and silent auction, the NPCC raised just over \$200.00. That is an improvement over last year of \$125.00. This money will be used toward the newsletter and our new promotion campaign.

A personal note: My time the past few months has been very limited. I am behind in many personal letters to our members. I have not forgotten about you. Once the newsletter is back on time and I can get a breather, the ink will flow once again.

And finally, many thank to all of you who came to the Can-Vention in Rockford. YOU are the ones who make it successful. And special thank to Dan Meyers and Green River; The Official Sponsor of the Extrava-Can-Za Can-Vention.

CAN TALK

During the Can-Vention, we heard reports that Pepsi released a set of 16oz Cool Cans in the Spokane, Washington area in a response to the release of Coke II. Can any member verify this report an perhaps obtain some of these cans????

Nehi is redesigning their 16oz non-returnable bottles to honor the late singer Roy Orbison. Each of their twelve flavors will have a different musical instrument pictured on them. There was no mention about cans, however at lease one can does exist as seen on page 19, middle row, second can: Nehi Lemonade picturing a keyboard.

And finally, Berry van Helmond sends us pictures of yet another Coke set from South Africa: 24 cans on Coke, Fanta grape, orange & lemon?, and Sprite showing different tricks using a "Yo-Yo!" Pictures next month. A Yo-Yo?!!?!!?
